Due: Friday, September 15, 2017
Turn in a hard copy only.

A. Bryant: Homework problem 2.61 page 129

B. Bryant: Homework problem 2.64 page 130

C. Bryant: Homework problem 2.68 page 132

D. Bryant: Homework problem 2.71 page 132
   Since we did not introduced the statement “typedef” yet, assume the function declaration in this problem is like this:
   int xbyte(unsigned word, int bytenum);
   with corresponding change in the function header.

E. Bryant: Homework problem 2.74 page 134
