

CSE 682, Wi 2011; Evaluation of Team Presentation

There were five teams in the class. Students S11, S12, S13, S14 were in the first team; S21, S22, S23 in the second team; ...; S51, S52, S53, S54 in the fifth team.

All students in a given team received the same score for technical content and team work (since these dimensions were considered attributes of the team, not the individual students).
