Education

Ph.D. in Computer Science Dec 1997
California Institute of Technology, Pasadena, CA

M.S. in Computer Science June 1993
California Institute of Technology, Pasadena, CA

B.Sc.H. in Biochemistry and Computing and Information Science Apr 1991
Queen's University, Kingston, Ontario, Canada

Academic Appointments

Associate Professor Oct 2004 – present
Department of Computer Science and Engineering
The Ohio State University

Visiting Researcher August 2013 – August 2014
Dipartimento di Ingegneria Elettrica, Gestionale e Meccanica
Università degli Studi di Udine, Italy

Visiting Associate Professor Oct 2005 – June 2006
Department of Computer Science and Engineering
University of Minnesota

Assistant Professor Sept 1998 – Sept 2004
Department of Computer and Information Science
The Ohio State University

Postdoctoral Scholar Jan 1998 – Sept 1998
Computer Science Department
California Institute of Technology

Awards

David C. McCarthy Engineering Teaching Award, OSU College of Engineering 2022

Joel & Ruth Spira Excellence in Teaching Award 2015

Ohio State University Alumni Award for Distinguished Teaching 2012

CSE Department Award for Outstanding Teaching 2000, 2005, 2011

Best Paper Award at ICDCS '04 2004

Finalist for Best Paper Award at PDCS '02 2002

SBC Ameritech Faculty Fellow 2002-03

3rd Place ACM Graduate Student Research Competition 2001
(International award won by advisee Scott Pike)

Best Paper Award at CASCON '98 1998

IBM Computer Science Fellowship	1995-97
Best Paper Award at HPDC '96	1996
NSERC '67 Science and Engineering Fellowship Canadian equivalent of NSF graduate fellowship	1991-95

Books

Rajiv Ramnath, Roger Crawfis, Paolo Sivilotti. *Android 3 SDK Programming for Dummies*, John Wiley & Sons, Inc. 2011.

Grants Funded

NSF Cyber-Physical Systems: "CPS: Autonomous Driving in Mixed-Traffic Urban Environments". Co-PI (\$1,499,883), September 1, 2009 – August 31, 2012

Ohio Department of Transportation: "Development and Integration of ODOT Geological Hazard Management System (GHMS): Subcontract for Remediation Cost Estimation", PI (\$33,522), July 1, 2008 – June 30, 2009.

Ohio Department of Transportation: "Addendum to Remediation Cost Database and Application", Co-PI (\$103,434, plus \$6,482 supplement), Nov 1, 2005 – June 30, 2007.

Ohio Department of Transportation: "Remediation Cost Database and Application", Co-PI (\$84,879), March 1, 2004 – June 30, 2005.

SBC Ameritech, Faculty Research Grant: "Distributed Software Components: Next-Generation Telecommunication Services." PI (\$22,489), July 1, 2002 – June 30, 2003.

Lucent Technologies, Inc.: "Applied Software Engineering for Engineers and Scientists". Co-PI (\$115,963), October 1, 2000 – September 30, 2001.

Lucent Technologies, Inc.: "Lucent Technologies Applied Software Engineering Fellowships." Co-PI (\$27,000), October 1, 2000 – September 30, 2001.

NSF Information Technology Research: "ITR/SW: Principles of Distributed Component-Based Software". Co-PI (\$499,809), October 1, 2000 – September 30, 2002

Ohio Board of Regents Doctoral Enhancement Initiative: "Dependent Types for High-Confidence Distributed Systems". PI (\$88,234), September 1, 2000 – October 30, 2002.

Ohio Supercomputer Center Start-up Grant: "Shared Memory Data-flow Driven Parallelization of Dynamic Programming Algorithms". PI (10 Research Units), June 18 1999 – June 18, 2000.

OSU Seed Grant: "Using Formal Specifications to Test Components For Distributed Systems". PI (\$20,000), January 1, 1999 – June 30, 2000.

Invited Talks

Distinguished Seminar Speaker, "*The Maximality of Distributed Programs: Possibilities and Impossibilities*", Queen's University, Kingston, Canada, January 17, 2013.

"*Failure Locality in Partially Synchronous Systems*", Medtronic, Minneapolis, Minnesota, June 12, 2006.

"*Plausible Clocks with Guaranteed Precision*", University of Minnesota Software Engineering Center (UMSEC) Colloquium, Minneapolis, Minnesota, April 27, 2005.

"*Distributed Computing: Emerging Technologies and Continuing Challenges*", Central Ohio Chapter of the ACM, Columbus, OH, March 22, 2002.

"*Optimum Failure Locality in Distributed Systems*", Queen's University, Kingston, Canada, May 22, 2001.

"*Distributing Software Components: An Easy Way to Make Things Hard*", Lucent Colloquium Series: Academic and Industry Perspectives on Component-Based Software Engineering, Columbus, OH, Oct 10, 2000.

"*Components for Distributed Systems*", University of Cincinnati, Cincinnati, OH, Nov 23, 1999.

"*Software Engineering and Distributed Systems*", OSU IEEE Computer Society, Ohio State University, Columbus, OH, Nov 23, 1999.

Advisees (Postdoc, Graduate, Undergraduate)

Completed: 1 Postdoc, 5 PhD, 10 Masters, 6 UG Honors thesis

Theodore Pavlic	(Postdoc, 2012)
Alan Weide	(PhD, 2021)
Matthew Lang	(PhD, 2009)
Scott Pike	(PhD, 2004)
Chris Bohn	(PhD, 2004)
Nigamanth Sridhar	(PhD, 2004)
John Bentley	(Master's 2021)
Laine Rumreich	(Master's, 2021)
Saad Asim	(Master's, 2018)
Brad Moore	(Master's, 2005)
Hilary Pike	(Master's, 2004)
Nuh Aydin	(Master's, 2002)
Ayesha Mascarenhas	(Master's, 2002)
Ramesh Jagannathan	(Master's, 2001)
Prakash Krishnamurthy	(Master's, 2001)
Charles Giles	(Master's, 2000)

Matthew Seffernick	(UG Honors, 2013)
Vahid Schwart	(UG Honors, 2012)
Prabhjyot Chawla	(UG Honors, 2009)
Chad Sowald	(UG Honors, 2009)
Daniel Galron	(UG Honors, 2006)
Elizabeth Rosselot	(UG Honors, 2002)

Courses Taught

- U CSE 2221: *Software I: Software Components*
Helped to pilot new course (2012 - on)
- U CSE 3901: *Project: Design, Development, and Documentation of Web Applications*
Proposed and developed new course (2012), course coordinator (2012 – on)
- U CSE 3903: *Project: Design, Development, and Documentation of System Software*
Redesigned course for calendar conversion (2017), course coordinator (2012 – on)
- G CSE 6333: *Distributed Algorithms*
Redesigned course for calendar conversion (2015)
- U CSE 459.23: *Programming in Java*
Completely redesigned (2006), Course coordinator (2006 – 2012)
- U CSE 421: *Software Development in Java*
Proposed and developed new course (2007), course coordinator (2007 – 2012).
- U CSE 560: *System Software: Design, Development, and Documentation*
Course coordinator (1998 – 2012), “keystone” course in curriculum
- U/G CSE 763: *Introduction to Distributed Systems*
Redesigned course (1999)
- U/G CSE/ECE 794R: *Applied Enterprise Distributed Computing for Engineers and Scientists*
Proposed and developed new course
- U/G CSE 788.Y11: *Distributed Systems: Specification, Implementation and Testing*
Developed new course (1999)
- U/G CSE 788.P11: *Model Checking*
Developed new course (2004)
- U/G CSE 788.P11: *Logic and Model Checking for Software Systems*
Developed new course (2008)
- G CSE 888.P11: *Components for Distributed Systems*
Graduate seminar course

Outreach Activities

Buck-I-Code

A one-day activity to introduce middle school girls to computing.
Developed and led half-day module on software engineering (2014-on).

Inside the Academic Experience

Part of the university’s “Parent and Family Weekend”.
Presented a lecture on distributed algorithms to about 250 visitors (2012).

Future Engineers' Summer Camp

A week-long summer workshop on campus for girls entering 8th grade.
Developed and ran the computer science module (see SIGCSE 2003 paper).

Camp Engineer (College of Engineering Minority Programs)

A week-long summer workshop on campus for minority middle school students
Developed and ran the computer science module (see SIGCSE 2008 paper).

Saturday Seminars & Honors Days

Invited by Honors program to present computer science mini-classes to high school students and parents as part of program's effort to recruit top undergraduates.

Engineers in Motion Summer Camp

A week-long summer workshop on campus for students in 10th and 11th grades.
Developed and ran the computer science module.

Women in Engineering Summer Week

A week-long summer workshop on campus for incoming freshmen women
Adopted materials and ran the computer science module.

Professional Activities and Service

Conference Program and Organization Committees:

Member of the Program Committee (Algorithms Track) for the 45th International Conference on Parallel Processing (ICPP-2016), Philadelphia, PA, 2016.

Member of Technical Program Committee (Algorithms and Theory Track) for the 30th IEEE International Conference on Distributed Computing Systems (ICDCS 2010), Genoa, Italy, 2010

Workshop co-Chair for the 29th IEEE International Conference on Distributed Computing Systems (ICDCS 2009), Montreal, Quebec, 2009

Vice-Chair (Algorithms & Theory) for the 27th IEEE International Conference on Distributed Computing Systems (ICDCS 2007), Toronto, Ontario, 2007.

Local Arrangements Chair for the 25th IEEE International Conference on Distributed Computing Systems (ICDCS 2005), Columbus, OH, 2005.

Publication co-Chair for the 22nd IEEE International Conference on Distributed Computing Systems (ICDCS-2002), Vienna, July 2–5, 2002.

Program Committee Member for CASCON '99. Toronto, Canada, November 8-11, 1999.

Reviewer for the following journals:

ACM Transactions on Autonomous and Adaptive Systems
ACM Transactions on Sensor Networks
ACM Transactions on Software Engineering and Methodology
IEEE Computer.
IEEE Transactions on Dependable and Secure Computing
IEEE Transactions on Software Engineering.
IEEE Transactions on Systems, Man, and Cybernetics (Part A).
Information and Software Technology (Elsevier)

Reviewer for the following funding agencies:

NSF Panelist (CISE Directorate)
Qatar National Research Fund

Consulting:

Nationwide Insurance: "Enterprise Java Boot Camp"

Developed and delivered (together with 3 other faculty) a 3-day tutorial for 30 professional Java developers employed at Nationwide Insurance.

Professional Development:

Participant at National Academy of Engineering (NAE) "Frontiers of Engineering Education Symposium". December 13-16, 2010.

Participant at "1999 New Century Scholars", a NSF-sponsored program at Stanford University for new faculty in engineering. August 1-6, 1999.

Engineering Management Certificate, California Institute of Technology Industrial Relations Center, June, 1998.

Department, College, and University Service

Chair of CSE Department Curriculum committee August 2014 – current

College of Engineering Committee on Academic Affairs Sept 2010 – August 2013
Chair, Course Proposal Subcommittee Sept 2011 – August 2013

College of Engineering International Task Force Sept 2008 – June 2009
Propose strategies for developing international educational activities to dean.

College of Engineering Faculty and Professional Leave Committee Sept 2006 – June 2009
Sept 2014 – current

Evaluate faculty applications for sabbatical and make recommendations to dean.

Chair of CSE Department Graduate Admissions committee Sept 2006 – Sept 2007

CSE Department Chair Search committee Mar 2003 – June 2005
Nominated by dept faculty and appointed by dean to identify and recruit the next chair.

College of Engineering "Master of Engineering" Task Force Jan 2002 – Jan 2004
Developing a new cross-disciplinary Professional Master's program of Engineering Practice.

CSE Department Chair Advisory committee Sept 2010 – Sept 2011
Sept 2006 – Sept 2007
Sept 2001 – Sept 2005

Elected by dept faculty and appointed by chair to advise chair and liaise with faculty.

Other department committees (current and past):

Graduate Admissions, Faculty Search, Undergraduate Studies.

- Initiated and coordinated departmental lunchtime graduate student seminar series.
- Initiated and coordinated prospective graduate student visit and recruitment day.

Other student services (current and past):

Faculty advisor for ACM-W student group July 2008 – August 2013
CSE Department recruitment coordinator Sept 2010 - current
