
Default Question Block

This survey is designed to gather opinions from graduating students about the BS-CIS program in the Computer Science and Engineering Department.

Thank you for completing the survey. If you have any comments about the survey, please email them to strader.1@osu.edu.

Thanks again!

The following questions are related to the intended educational outcomes of the BS-CIS program. There are fourteen outcomes. For each item, rate how important you think the specific outcome is for your career after graduation. Next, rate, on a scale of "Strongly Agree" to "Strongly Disagree", whether you agree that the program prepared you to achieve that outcome.

Please note that, depending on the size of your screen, you may not see all the options, especially for the "preparation" question; in that case, please use the scroll bar that appears near the end of the question to scroll right.

What single aspect of the BS-CIS program did you find most helpful? Explain briefly. ("Single aspect" may be a particular course or course sequence, or the particular manner in which the program is organized or the way faculty or the advisors in the Advising Office interact with you or any other aspect of the program.)

What single change in the BS-CIS program would you most like to see? Explain briefly.

During your BS-CIS program, were you:

- Mostly self supported (via part-time or full-time jobs)
- Mostly supported by family
- Mostly supported by scholarships etc.
- Other

What is your current employment status?

- Currently looking for employment
- Planning to go to graduate school
- Working for industry
- International employment
- Working for the US or a state government
- Other

As one of our alums, we would like to keep in touch with you. If you agree, please provide your e-mail address where we can contact you:
