

## Game Story

On a space station conquered by murderous aliens with no hope of rescue or reinforcements, four astronaut marines form a team to repair and liberate the station, wing by wing, from the aliens' control.

## Game Play

Conquered Command is an action role-playing game (ARPG). The player characters gain experience by defeating enemies, earn bonus attribute points at each new experience level, and unlock new combat abilities. To win, the player must solve puzzles, strategize battles, and defeat the enemy aliens.

## How To Play

Conquered Command is designed to be played with a keyboard and mouse.
